March 2006

Nexus Telecom Newsletter

Dear Sir/Madam,

Welcome to the March 2006 issue of the Nexus Telecom Newsletter. We have been extremely active during the past quarter supporting new deployments for both wireless and fixed-line networks, as well as attending events all over the world. Although based in Switzerland, our business continues to spread across the globe, helping service providers support the world's insatiable demand for connectivity and mobility. If you would like additional details about any of our solutions or deployments, please do not hesitate to [contact us](#), or speak to us personally at one of our upcoming events!
